ANGUS & CHAROLAIS BULL & FEMALE SALE

**LAZY H RANCH**

KANSAS

ANNUAL PRODUCTION SALE

**SUNDAY, MARCH 2ND, 2025 · 1:00 PM · AT THE RANCH, HAYS KS**

VIDEOS AND UP-TO-DATE INFO AVAILABLE AT [WWW.LHRBULLS.COM](http://WWW.LHRBULLS.COM)

Dick Beck

For their 23rd annual production sale, Mark Robr and his family are proud to feature an impressive selection of age-advantaged progeny of the very popular Virginia Tech Statesman and the \$600,000 Basin Jameson bulls that combine the power and eye appeal customers expect from Lazy H Angus bulls and the genomic-enhanced EPD prediction tools that allow cattlemen to use specific individuals for specific reasons with more accuracy than ever before in the beef industry. Progeny from the first calf crop by the \$500,000 record-setting Connealy Craftsman whose first calves earned him the distinction of the NUMBER 1 sire of progeny registered in 2024 are certain to include favorites of this power-packed offering. The first bull and heifer calves by the widely recognized Fireball who sired the top selling bulls at Lazy H in 2023 continues to be woven throughout this sale offering.

Many good things have come from Mark's relationship with Jim Brinkley over the past 25 years and his relationship with Greg Bennett of Katie Colin in Georgia continues that same tradition. With the bulls Greg produces like the bulls born in Kansas at weaning to be developed and compared to the entire sale offering, you will join the progeny of Greg's herd sires Summation and Ratified. Greg's outstanding cow herd and embryo program has produced bulls in this sale with more genetic diversity and more EPD options to advance progress at an accelerated rate. This year's Lazy H sale features a full brother and sister to the exciting young ST Genetics sire KC Kingston as Lots 51 and 151. Their full brother and dam set a record at Katie Colin when they sold half interest for \$235,000 as the featured pair of the 2023 sale there. The legacy of the cow family that produced took its first hold at Lazy H when a son of that great donor was the third high selling bull in 2023 selected by Genex.

The powerful young donor by the now-deceased carcass sensation Fireball that sells in the prime of her productive potential has three great daughters that are featured in this presentation and her natural daughter that sells as Lot 153A touched every base as data has been collected. The fall bred heifers are the most powerful and most poised for the exciting times ahead for the beef industry as we adjusted to a smaller national cow herd and greater demand and value for superior total performance and "end product" genetics. Some of the first sons and daughters of the \$170,000 two-thirds interest EZAR Gettysburg will sell at Lazy H and this top-selling son of a \$700,000 value donor that became a multi-million dollar producer at EZ Angus Ranch and Vintage has captured the imagination and attention of many.

As always, the Robr family will offer a strong selection of Charolais power bulls from their cow herd that has been sorted and selected with the same intense pressure as their Angus cow herd. These bulls are designed to offer Lazy H customers the highest levels of hybrid vigor when mated to Angus and Black Baldie commercial cows. Mark has worked closely with his father to continue the traditions of the Smoky Hill Charolais program that has been the pride and joy of Maurice Robr!

Join the Robr family on Saturday evening for a wonderful evening meal of the best Angus Prime Rib you can find anywhere and enjoy Chili and the world-famous Cinnamon Rolls on sale morning followed by "Beef Bacon" and Brisket for lunch on Sunday.

Bulls will be penned in catalog order for easy review all day on Saturday and all the cattle will sell in catalog order from the videos in the warm and comfortable Lazy H sale barn. As we began the second decade that I have enjoyed the privilege of working with this "salt of the earth" Kansas family and what has become one of the most rewarding "grass roots" events of the spring sale season, I could not be prouder of the progress that my friend Mark Robr has made and continues to make! Please call if I can assist you in any way with selections from either the powerful bulls or foundation females that sell.

Sincerely  
Dick Beck

## Watch the Sale on CCI.live!

The best, the fastest and most comprehensive marketing & bidding tool!

### How to Bid Online...

- As a buyer, you DO NOT need to login to watch the sale but you must have a validated account to bid.

To BID ONLINE go to [www.CCI.live](http://www.CCI.live) in your Chrome, Firefox, Safari or other modern browser:

- 1) Click on the sale schedule page. 2) Click on the sale of interest.
- 3) Click on Bid Online- Register and then Get Buyer Number

- After you are logged in, you must proceed to the sale page for your auction and click Bid Online - Register, then "Get Buyer Number." Some auctions require valid credit card number on file to obtain a buyer number to bid.

- CCI.live will operate with ease on a modern cellular device, laptop, desktop or tablet.
- A current browser is important and will always make your experience better.

- For successful bidding you must have good Internet service! It is very important to be stationary if bidding. If you are driving and bidding, expect to have some service issues. If you are stationary on a good device, with healthy Internet, expect a very successful bidding environment. If you have slow Internet watch the "asking price" on the screen, it is real time, and refresh your browser if you feel like you have some lag.

- Support line open during all sales. TEXT 405-400-9505 - Please alert the ranch for your hauling preferences.

Grandam has been a Lazy H and Brinkley foundation donor produced by the \$425,000 Gardiner record-setter whose herd sire sons include Deer Valley Optimum, G A R Early Bird and G A R Fail Safe among her multi-million dollars of progeny sales for Deer Valley, Express, Gardiner and Spruce Mountain.

Number 3 for Birth Weight EPD, Number 8 for Calving Ease Direct score EPD, Number 9 for Calving Ease Maternal score EPD and Number 10 for Hoof Angle EPD

**"LHR BREEDING GUARANTEE"**

The bulls that sell are fertile to the best of our knowledge and are backed by a 90-day breeding season guarantee. If, while breeding cows, they sustain injury to their reproductive system, making them unable to service females, we will provide you with a satisfactory replacement if available, or issue credit equal to your purchase less \$2,500 salvage value that may be used toward the purchase of any animal in the following year's sale. We request that you notify us before you cull the injured or infertile bull by letter within ten days of the injury. American Angus Association sale terms and conditions do apply. This is not a life insurance policy against death or disasters and does not cover health problems or injury due to mismanagement, negligence, or risks you choose to take (running bulls together can cause bull fights and injury). Insurance will be available sale day for Bull Mortality and Loss of Use Coverage.

All bulls have passed a breeding soundness exam.

**Recommended for Cows** - A flush brother to a \$22,000 selection of Express Ranches from the 2024 Katie Colin sale and a maternal sister to his dam sold half interest for \$45,000 as the top selling bred heifer there in 2023 and his donor dam with an avg progeny %IMF ratio 2 at 102 is the Number 4 dam for avg progeny URE ratio on multiple calves with 2 at 107 with two full brothers from her selling as Lots 10 and 53 and a fourth son featured as Lot 105.

**Recommended for Cows** - A maternal brother to the Number 7 for adj 365 day %IMF of this sale offering that is featured as Lot 8, this maternal brother to the powerful yearling that sells as Lot 122 was produced by \$19,000 featured donor of the 2023 Katie Colin Sale that is a flush sister to the popular high maternal sire BJ Surpass and she had a \$8,250 son sold at Lazy H in 2023.

Number 7 for \$Feedlot value index, Number 8 for \$Beef value index and Number 9 for \$Grid value index.

Number 10 Calving Ease Maternal score EPD and Calving Ease Direct score EPD.

**- LHR BULL DELIVERY -**

Lazy H Ranch Kansas offers its customers free BULL delivery in Kansas and surrounding states. If purchased outside this radius, we will do our best to make sure costs are kept low and reputable livestock transportation companies are used and will have the best interest in your purchases. Please keep in mind we are delivering several bulls across a wide area in a short period of time. If you need your bull at a certain time, please make the sale staff aware of your needs, we will do our best to accommodate them. All bulls picked up sale day will receive \$100 credit per bull on sale day at settlement. We also will be offering a \$50 per head rebate for customers that arrange to pick up their bulls here at our sale location within one week of the sale. All FEMALES that sell need to be picked up by their new owners the week of the sale unless prior arrangements have been made.

**Recommended for Heifers and Cows** - Number 5 for adj 365 day %IMF, his dam is a maternal sister to the dam of Lot 1 that records the highest %IMF scan of this sale offering and she is the Number 7 dam for avg progeny %IMF ratio on multiple calves with 12 at 115, and the Number 10 dam for avg progeny weaning ratio on multiple calves with 4 at 102 and an avg progeny yearling ratio 4 at 101. A maternal brother was a \$10,000 bull in the 2023 sale and his dam has three sons sold at Lazy H for an average of \$8,500 and she carries on a family tradition of herd sire production as the \$425,000 G A R record-setting third dam of this bull is best known for producing the herd sires Deer Valley Optimum, G A R Early Bird and G A R Fail Safe. Number 8 for Marbling score EPD, Number 9 for Calving Ease Direct score EPD and Number 10 for \$Grid value index.

**- LHR BULL DEVELOPMENT -**

At LHR, we take bull development very seriously. All bulls are developed here on the ranch under our care on a high and dry roughage ration from weaning until sale time. We feed for longevity, no extreme weights or gains, keeping the bulls sound and functional. We spend countless hours developing a feeding program around the feedstuffs we have available in this area, keeping the cowman in mind that purchases our breeding bulls. Actual scan data will not reflect the bull's potential in your herd due to how they are fed during the feed test; however, it is still a tool we believe in that will help keep the EPDs and accuracies of the bulls in check. This is also why we have decided to incorporate Zoetis HD50K into the LHR bulls and cow base...to give our customers another tool!
